Mohe Arctic Village*Bayanhushuo Grassland* Qiqihar*Manzhouli*Wudalianchi*Harbin

Mohe & Arctic Village

Due to high latitude and clear skies, it is where the Aurora Polaris can be observed during the summer solstice. The fantastic luminous rings dance across the sky changing color and size as they disappear to the east.

Aurora Polaris a natural light display in the sky, articularly can be observed at night in polar regions. They illuminate the northern horizon as a greenish glow or sometimes a faint red.

Hulunbuir Grassland

one of the well-preserved grasslands in China. Boasting gorgeous pastoral scenes of grazing livestock and an endless emerald sea of grass, It will be a pleasant retreat from the hustle and bustle of city life

Longmen Shizhai @Wudalianchi

900,000 years ago, the East and West Longmen Mountains erupted in the forested Wudalianchi area. The rolling lava flowed down the slope like a big river, forming a lava landscape with various scenes and strange shapes

Qiqihar Zhalong Wetland

The largest state wetland nature reserve for rare species of birds composed mainly of such big waterfowl as crane. Reeds and marshland can be found everywhere in the reserve, providing a paradise

Erguna Genhe Wetland

The largest wetland in Asia, It is scattered around the forest and the grassland with many types including marshes, shrub swamps, swamp forest, open

Aoluguya Evenki Tribe

The Evenki people, the only hunting tribe in China which keeps its reindeer. They came from Siberia over 300 years ago and have been living in the dense primeval forest and surviving on herding reindeer. Here experience the life of the Chinas smallest minority and genuine hunting culture tribe
