Badaqiao

Sightseeing Area

It is the northern edge of Badain Jaran Desert and one of the best places to see the sunset over sand dunes. During sunset, the desert, dead trees, orange sky and golden rays combine to create a world of pure fantasy.

Juyanhai Lake

It was fed by Ejina River. The grassland around the lake used to be lush with fertile land. It is covered in swaying reeds and is home to many different species of birds and is a well-protected ecological environment.

Grotesque Woods

There are a large number of dead poplar trees with unique shapes, as if they have been sculpted by nature. You will marvel at the poplars; whether tall and straight, or else shaped like flying dragons.

Zhebeipu

Western Studio

Known as "the Orient Hollywood", is built based on two ancient castles. Two of the most famous movies include <Red Sorghum> & <Westward Journey>.

Aolunbulage Canyon

It belongs to Yardang landform formed by wind erosion on the basis of Danxia geomorphology eroded by fluviation at the early stage. It is winding against the blue sky and white clouds for about 5km with the cliffs standing lofty, imposing and magnificent.
